LCB TRAINING
Coach Broc • Player Development Program

Program Overview

Phase 1 establishes movement quality with compound exercises and core stability work. Workout A uses traditional straight sets to build the strength base. Workout B clusters pair strength movements with explosive work for athletic power development.

Program Structure

Workout A: Straight sets — build movement quality and strength under load.
Workout B: Clusters and supersets — combine strength with explosive movements back to back.

Train 3x per week alternating A and B. Phase 2 unlocks after 30 days. Phase 3 after 60 days.
