Program Overview

Coach Broc's approach for this program starts with building a solid foundation first -- improving movement patterns and implementing them into overall sprint speed, first-step quickness, and explosive and lateral movements for athletes.

Between sessions, athletes can keep developing with The Next Level Playbook and the full LCB Training online platform at lcbtraining.com -- video drill library, workout programs, and personal 1-on-1 coaching as a resource to support progress year-round.

A Note From Coach Broc

Pete, please reach out with any questions and to confirm the schedule. I am looking forward to working with your group and helping these athletes get faster and more explosive on the field. Thank you for trusting LCB Training.
